Wait for the software to Activate.

Click on Run Omnis.

The screenshot shows the QXSUBSPACE App interface. At the top, the window title is "QXSUBSPACE App" and the user ID is "QED2309200013". The main header displays "OMNIS" and the version "8-8-2021 rev29102021". A status bar indicates "This computer is activated." and lists compatible devices: "SCIO, EDUCTOR, INDIGO, QUEX ED, QUEX S".

The "Software Options" section includes a list of modules with their activation status:

Module	Status
Iridology	✓
Disease Dictionary	✓
BIG	✓
Home Use	✓
Degeneration Scan	✓
Smart Report	✓
GAGE Matrix	✗
Bodyviewer	✓

A large blue button labeled "Run OMNIS" is prominently displayed. Below it is a pink button labeled "Get more information". A "Patch notes" section is partially visible on the right. At the bottom, there is a "Chat" button and a copyright notice: "Stable versions. Copyrights © 2020 All Rights Reserved by QX WORLD LTD".
